

Protect Your Identity Week

October 18-24, 2009

CCCS of Greater San Antonio
6851 Citizens Parkway  San Antonio, TX 78229

Free Community Event Activities Including:

Monday-Friday, October 19th - 23rd:

- **Credit Report Review sessions available by appointment.**
A counselor will explain the contents of the report and help you develop a plan of action to establish or re-establish favorable credit.

Saturday, October 24th:

- **Protect Your Identity Day Opening Ceremonies, 9:00 am.**
- **Credit Report Review sessions available, 9:00 am-1:00 pm.**
- **Building a Better Credit Portfolio Workshop, 9:15-10:15 am.**
Searching for ways to raise your credit score? This workshop will teach you how to read and interpret a credit report, improve your credit score, and dispute errors on your report. You'll have a better understanding of how to improve your credit report and score.
- **Fighting ID Theft on the Frontlines Workshop, 11 am-12:00 pm.**
This presentation will provide first hand knowledge of Identity Theft as a crime so each participant can determine their potential risk of becoming a victim. Find out how your identity may be used, who might be using your identity, what to do to protect yourself as well as where to seek help if you are or become a victim. Handouts will be provided that contain legitimate resources and information that has been researched. As an ID Theft remediation counselor, your presenter has first hand knowledge of the real battle a victim must face.

Did You Know:

10.4 million Americans fell victim to identity theft fraud in 2008.
In 26% of all cases, the victim knew who had misused their personal information.
Identity theft has been the top consumer complaint to the FTC for the past six years in a row.
